220/35 SLIMLINE RETRACT ROOF BLADE
SHAPE
(RETRACT & SPIRAL PIVOT COMPATIBLE)

POWERED BY SOMFY MOTORS

INTRODUCING THE LOUVRETEC SLIMLINE RANGE OF RETRACTING ROOFS

These blades are also Spiral Pivot Opening Roof compatible

Louvretec's new range of Retractable Roofs incorporates new Slimline design including quiet closing on to a bulb seal strip - so an extra snug fit & additional overlap cover is achieved when closed.

Louvretec Slimline is a completely new Louvre Roof range, developed for both Retract and standard Opening Roof usage.

Slimline Retract Roof Key Features

Available in two sizes;

- 220/35 Slimline Retract Roof (Retract Roof & Spiral Pivot Opening Roof Compatible!)
- 220/45 Alpine Retract Roof (Retract Roof & Spiral Pivot Opening Roof Compatible!)
- Sleek, functional design, clean and uncluttered when open or closed
- Design strength of an extruded double box-section
- Somfy powered
- "Cushion Closing" onto a bulb seal strip
- Increased closing cover angle for added weather protection
- Larger blade gutter incorporated for extra storm-water dispersal

Now powered by Somfy

The same tried and true motorisation that operates our award winning Spiral Pivot system now operates our Retracts - Two Somfy Motors per Retract.

Customised Louvretec Controller

A wireless handheld remote, custom made for Louvretec by Teleco Italy is standard. These multi-function remotes can also control lighting, heating and other Somfy powered items such as motorised outdoor blinds.

Proudly NZ & Australian designed and manufactured

All jointly designed, manufactured and distributed worldwide by Louvretec NZ Ltd & Louvretec Australia Pty Ltd.
