## OUTDOOR BLINDS

### External screening options

Outdoor Blinds are a popular option when considering closing in a Louvretec Room or outdoor space.

Louvretec does not offer a proprietary 'Louvretec branded' Outdoor Blind. There are many excellent brands of Outdoor Blinds available, giving Louvretec Dealers a wide range of product options best suited to compliment a Louvretec installation. The best of both worlds.

### Custom made

All Outdoor Blinds destined to fit within a Louvretec installation are individually site measured and custom made accordingly.

Many Louvretec Dealers carry mill finish stocks & manufacture the Outdoor Blinds themselves with others receiving kits from their local Outdoor Blind supplier.
